Career Solutions: Demystifying the Future

Choosing a college major, let alone a career path, can be daunting. We’re here to help.

Families with students ages 12+ are encouraged to join Teal Reamer and JoAnne Carter of Education Solutions at the Essex Library for a series of informational sessions meant to clarify the choices involved in selecting a college major and, ultimately, finding a career path. Hear from leading industry professionals as you learn about possible professions and the requirements found within each field.

Session One: Communications
Tuesday October 20th 6 – 7 p.m.

Sit in for a presentation and Q&A with communications professional and professor Mary Boone of Northeastern University. Mary obtained her BA in Communications from Wake Forest and her Masters in Communications from the University of Texas at Austin. Mary will lead a discussion centered on what it means to study and work in the communications field and cover topics such as industry trends, job prospects, and degree information.

To reserve your seats, please contact Jessica Branciforte at the Essex Library.
